

Cr Jason Shepherd

Jason Shepherd was elected to Goulburn Mulwaree Council for the first time in 2021, and is seeking to bring his experience as a professional engineer to the team.

His goals for this term of Council are to push Goulburn Mulwaree forward in a sustainable direction, without leaving any community member behind. Jason seeks to listen to all residents and to work as part of a diverse council for the whole region, with climate action and advocacy to higher levels of Government two of his specific focuses.

Jason was born and raised in the Crookwell area, and now lives in Goulburn with his family. He has worked on major projects around the world in his role as an engineer, in places such as Europe, Africa, New Zealand and the Middle East. He is a member of the Goulburn Labor Party and Goulburn SES, while volunteering for Meals on Wheels and the Goulburn Branch of the Sporting Shooters' Association of Australia (SSAA).
