Dear Resident

Subject: Rural Waste Service

Please find enclosed your new Rural Waste Card for use from 1 July 2021.

Please keep this card safe as a replacement fee applies as per Council's Fees and Charges.

Each financial year, the card enables one standard waste disposal per week (i.e. 52 standard waste disposals) and one large waste disposal per year for bulky household general waste. The amount and type of waste you are to dispose of for each standard disposal remains the same as last year, as outlined on the enclosed fact sheet.

Multiple waste streams are accepted with the Rural Waste Card, such as household general waste, fencing wire, steel and timber. This excludes hazardous materials such as asbestos or materials with a per-item charge at Council's Waste Management Centres (e.g. mattresses, fridges, tyres etc.). One large waste disposal is provided each year enabling the disposal of up to two cubic metres of bulky waste on one occasion. Please refer to the conditions of use over the page.

Council staff will check and inspect loads to ensure only acceptable items are included and the correct number of standard waste disposals are recorded. To check the number of disposals you have remaining on your card, ask at the Waste Management Centre when you present your card or call the Waste Info Line (02) 4823 4417.

Yours faithfully
