Conditions of Disposal

- All clean fill must be separated into top soil, clay and gravel and must be transported separately.
- All vegetation including but not limited to grass/lawn, trees and bushes must be removed before the clean fill will be accepted.
- All contaminants including but not limited to concrete, bricks and building materials must be removed before the clean fill will be accepted.
- Any clean fill contaminated with asbestos or any other hazardous substance will NOT be accepted.
- Clean fill generators may be asked to provide test results showing that the clean fill is not contaminated with any hazardous substances before it will be accepted.
- If the Clean Fill Disposal Application is approved the clean fill generators will be required to provide Council with 5 working days notice before they can begin disposal.
- The disposal fee for clean fill is \$10.00 per tonne. Council may approve for the clean fill to be accepted free of charge depending on whether or not it is required for use onsite.

I certify that the clean fill is free of any contamination. Please note that by signing this application you agree to comply with the terms and conditions outlined above and that all of the details supplied are correct.
