Liquid Trade Waste Application

Form TW6

Description of present/proposed flow measurement:

If you consider there are special circumstances applicable to your discharge, these circumstances should be identified, e.g.:

- Seasonal discharges
- Large differences between average and maximum daily loads
- Variations to flow, which avoid peak domestic flows, etc.

Have any alternatives for the disposal of your liquid waste been considered other than discharging to sewer?

--

If you answered yes to above question, please provide details:

Please provide any additional information you feel may help Council to decide if your discharge should be accepted to the sewer. Attach documentation if required:
