

Damage Bond Application

Locked Bag 22, (184 – 194 Bourke Street), GOULBURN NSW 2580
Phone: (02) 4823 4444

Goulburn Mulwaree Council requires the payment of a damage bond for developments within the Local Government Area proposing, erection of new buildings, additions, subdivision and swimming pool installations where the estimated cost of development is \$25,000 or more and the development has frontage to a sealed road. The bond is to be held as security until repairs are undertaken to Council assets damaged as a result of activities associated with private construction works.

PRELIMINARY REQUIREMENTS

Pre-existing Condition

It is the applicant's responsibility to take photos as evidence of any existing defects to Council assets, so that any existing damage is not attributed to the development works being undertaken by the applicant. These photos are to be provided to Council as evidence of any pre-existing damage prior to the commencement of the development. Should the applicant have comments in relation to any existing damage to Council assets, please attach a written submission with photographs to this application.

Final Inspection

A final inspection will be carried out by Council's officers:

1. Once all works, including landscaping, driveway construction, turfing have been completed to a satisfactory standard;
AND
2. Following issue of a Final Occupation Certificate by the Certifying Authority for the development.

In the case of swimming pools or excavation, the bond will be considered for refund when the applicant advises that the works are completed and have met the Certifying Authority's requirements.

If the final inspection is deemed unsatisfactory, an additional inspection fee (as per Council's Fees and Charges) will be charged per re-inspection required and retained from the damage bond.

REPAIRS TO DAMAGE OF COUNCIL ASSETS

The applicant is responsible for any damage incurred to Council assets as a result of development works. The applicant is responsible for rectifying any damage to Council's assets to Council's Engineering Standards. Should the cost to repair the damage exceed the amount of bond paid, Council requires the applicant to meet its obligations and insuring that Council's Engineering Standards are met and will therefore be required to fund the excess amount.

If the applicant refuses to undertake or fund the rectification works within three months of establishing that damage has occurred or sooner should the damage impact upon the performance of the infrastructure or public safety, Council will undertake the works and all costs involved will be charged to the applicant.

REFUND OF DAMAGE BOND

It is the responsibility of the applicant to advise Council when construction works are completed and damage bond is due for refund.

Following a satisfactory final inspection, the Damage Bond, minus the administration and inspection fee and any other additional inspection fees applicable, will be refunded. The refund payment will be direct deposit to the original drawer. Council will request the bank details at the time of the refund. If the applicant wishes the payment in another name, a written request must be forwarded to Council prior to refund of the bond.

If Damage Bond is not claimed within 10 years from application date, an attempt to contact the applicant will be made. If contact is unsuccessful, Council reserves the right to consider the bond forfeited.

DAMAGE BOND APPLICATION FEES

The Damage Bond is payable for the purpose of funding repairs to damage of Council assets and ensuring Council standards and specifications are met. There are two components to this fee:

1. A non-refundable administration fee covers the administration of the Damage Bond plus the initial and final inspections.
2. A refundable damage bond as determined by the value of works.

Current fees and charges are available from Council's website (www.goulburn.nsw.gov.au) or by contacting Customer Service on (02) 4823 4444.

Privacy: This information is required to process your request and will not be used for any other purpose without seeking your consent, or as required by law. Your application will be retained in Council's Records Management System and disposed of in accordance with current legislation. Your personal information can be accessed and corrected at any time by contacting Council.
