Subject to being satisfied, acting reasonably, that the Site Work is consistent with the approved plans and specifications, Council shall issue a Certificate of Practical Completion, subject to the maintenance of the Site Work by the Developer's contractor in accordance with the maintenance plan for a period of 104 weeks from the Practical Completion Date for the Site Work.
4. In respect of the Item of Work— Hard Landscaping the maintenance plan will address:
 - inspection and repair of cracks and / or undermining to the footpaths within the open space;
 - a maintenance schedule for the playground to ensure that upon completion of the Maintenance Period it will be in a good state of repair, well maintained, and meets a fit for purpose standard as generally prescribed in the following standards at the time of installation:
 - AS4685 (2014): Playground equipment and surfacing;
 - AS4422 (2016): Playground surfacing — Specifications, requirement and test method; and
 - AS/WS 4486.1 : Playgrounds and playground equipment;
 - A maintenance schedule for the seating, shade structures and picnic area facilities, to ensure that upon completion of the Maintenance Period they will be in a good state of repair, well maintained, and meet a fit for purpose standard.
5. In respect of the Item of Work— Soft Landscaping the maintenance plan will address:
 - mowing of open space grass areas;
 - over sowing of patchy grass areas;
 - watering of all new trees,

6. From the Practical Completion Date of an Item of Work, the Developer's contractor will maintain the Site Work — Hard Landscaping and the Site Work — Soft Landscaping in accordance with the maintenance plan for a period of 104 weeks.
7. The developer will be entitled to temporarily fence the area off to prevent public access during the first 12 months of the maintenance period to assist in the establishment of soft landscaping. This will coincide with the construction of surrounding dwellings (within the subdivision) during which there is no demand for access to public open space. Temporary fencing will be removed as homes are completed and become occupied.

8. During the Maintenance Period Council will attend quarterly inspections to view the status of the landscape, and provide written commentary as to any remedial works that it reasonably considers are required to meet the requirements of the maintenance plan.
9. Within 4 weeks prior to the completion of the 104-week Maintenance Period, the Council is to attend an on-site meeting to inspect the Site Work — Hard Landscaping and the Site Work Soft Landscaping.
