

Exhibition of Draft Marulan Flood Study

Goulburn Mulwaree Council gives notice of the public exhibition of the *Draft Marulan Flood Study*. Unlike Goulburn, Marulan is sited at the top of two catchments and does not have any proximity to rivers and the impacts of riverine flooding. However, Marulan does have creeks and watercourses which are located within the town and surrounding rural catchment. Furthermore, some areas within the town are known to experience problems with overland flows and stormwater. The risks to life and property still apply to flooding whether due to overland flow or riverine flooding.

A Draft Flood Study has been prepared by GRC Hydro **and is on public exhibition from Friday 3 March, 2023.**

The Draft Flood Study defines and identifies the extent and hazard for a range of flood events in Marulan with the development of a hydraulic model to simulate flood behaviour. It applies sensitivity analysis to the model including consideration of climate change and other selected factors.

Exhibition details:

The *Draft Marulan Flood Study* and supporting information will be on public exhibition from **Friday, 3 March, 2023 until close of business Monday, 3 April, 2023**. It will be available to view at the Civic Centre (184 Bourke Street Goulburn), the Goulburn Mulwaree Library during business hours or online on the Goulburn Mulwaree Council web site www.goulburn.nsw.gov.au under the "Public Exhibition" section.

Submissions shall be made in writing addressed to the General Manager, with the subject heading '**Draft Marulan Flood Study**' in person at the Civic Centre, 184 Bourke Street, Goulburn, via post to Locked Bag 22 Goulburn, NSW, 2580 or emailed to council@goulburn.nsw.gov.au.

Please note, submissions may be made public in accordance with the *Government Information (Public Access) Act 2009* including both the substance and the identity of the author. Submissions may be provided or published in Council reports and correspondence, on Council's website, to government agencies, in court proceedings or to any person seeking a copy. The onus is on anyone making a submission to advise if they have made any political donations within the last two (2) years.

Contact Details:

It is recommended that appointments are made with planning staff to allow for one-on-one information to be provided specific to your property. If you would like to speak with a Council officer, please contact Council's Strategic Planning Team on **(02) 4823 4534** during business hours to arrange an appointment.
