Introduction

Under the provisions of the *Government Information (Public Access) Act 2009* (GIPA) Act, members of the community have the ability to gain access to government information. This legislation encourages government agencies to proactively release information, creating greater transparency in the public sector to better meet the expectations of the community.

Section 20 of the GIPA Act requires Council to produce an Agency Information Guide and to review this document at intervals at not more than 12 months. This document is Goulburn Mulwaree Council's (Council) Agency Information Guide.

Impact of Council Functions on Members of the Public

Service	Service functions affect members of the public as Council provides services and facilities to the public. These include provision of human services such as Meals on Wheels, libraries, halls and community centres, recreation facilities, infrastructure and the removal of garbage.
Regulatory	Regulatory functions place restrictions on developments and buildings to ensure that they meet certain requirements affecting the amenity of the community and not endanger the lives and safety of any person. Members of the public must be aware of, and comply with, such regulations.
Ancillary	Ancillary functions affect only some members of the public. These functions include, for example, the resumption of land or the power for Council to enter onto a person's land. In these circumstances, only the owner of the property would be affected.
Revenue	Revenue functions affect members of the public directly in that revenue from rates and other charges paid by members of the public is used to fund services and facilities provided to the community.
Administrative	Administrative functions do not necessarily affect members of the public directly but have an indirect impact on the community through the efficiency and effectiveness of the service provided.

Enforcement	Enforcement functions only affect those members of the public who are in breach of certain legislation. This includes matters such as the non-payment of rates and charges, unregistered dogs and parking offences.
Community Planning and Development	<p>Community planning and development functions affect areas such as cultural development, social planning and community profile and involves:</p> <ul style="list-style-type: none"> • Advocating and planning for the needs of our community. This includes initiating partnerships; participating on regional, State or Commonwealth working parties; and preparation and implementation of the Community Plan. • Providing support to community and sporting organisations through provision of grants, training and information. • Facilitating opportunities for people to participate in the life of the community through the conduct of a range of community events such as Seniors Week, NAIDOC Week, Youth Week, Children's Week, as well as promoting other events.

Public Participation in Formulating Policies and Council Functions

Council actively encourages and values public participation in the exercise of its functions and in formulating policies.

There are a number of avenues the public have to participate in formulating Council policies and/or exercising Council's functions.

Policy Formulation

Council's policies are determined by the elected Council at Council Meetings which are open to the public. All new Council policies are placed on public exhibition prior to adoption to invite submissions from the public. Any existing policy with substantial changes will also be placed on public exhibition to enable submissions from the public. All submissions received are then considered by Council prior to the adoption of the policy.

Open Council Meetings & Public Forum

Council holds Ordinary Meetings on the third Tuesday of each month, commencing at 6pm. These meetings are open for members of the public to attend. In addition, members of the public are encouraged to make use of the Public Forum session held at the commencement of each Ordinary Meeting. Public Forum assists members of the public to address Council on any issue, including those items on the agenda. For more information on Council's Public Forum, including registering for Public Forum, please contact Council on 4823 4444.

Submissions to Council

Council provides opportunities for the public to make submissions to Council on a range of Council functions and publications. Public exhibition periods are advertised with details of how to make a submission to Council.

Legislative Provisions

Various Acts and Regulations provide the opportunity for members of the public to be involved in Council's decisions through submissions, comments or objections to proposals. Examples include levels of rates, fees and charges, policy, content of management plans and granting development and building approvals.

Community Engagement

Community engagement is tailored to the project, proposal or plan and can include surveys, community workshops, online forums and other participation tools.

Community members can also stay up to date on news and media by accessing the following website and social media account utilised by Council:

- www.goulburn.nsw.gov.au
- www.facebook.com/goulburnmulwareecouncil

Feedback

Council welcomes constructive feedback about the exercise of its functions and its delivery of services to the community. Feedback and complaints can be provided verbally or in writing by email to council@goulburn.nsw.gov.au

Council Committees & Working Parties

Council's Committees and Working Parties provide another avenue for members of the public to participate in policy development and Council functions. A number of Council Committees and Working Parties comprise or include members of the public.

Council is also represented on a number of External Committees by Councillors and staff. Participation in these committees allows our Local Government Area to be represented within the wider community.

In addition to the information outlined above, Council will make as much other information as possible publicly available in an appropriate manner, including on Council's website. Any proactive release information will be available free of charge and will include frequently requested information or information of public interest that has been released as a result of other requests.

As part of its proactive release strategy, Council maintains a register of all informal requests for information received to readily identify the type of information frequently requested with the view of making such information publicly available on its website, subject to Copyright and Privacy provisions.

Informal Release

Information which is not available as open access information or proactive release may be provided through informal release. Council will endeavour to release information in response to such a request subject to any reasonable conditions as Council deems fit to impose.

Council is authorised to release information unless there is an overriding public interest against disclosure. To enable the release of as much information as possible, Council is also authorised to redact content from a copy of information to be released, if the inclusion of the redacted information would otherwise result in an overriding public interest against disclosure.

Under informal release, Council has the authority to decide how the information is released.

Formal Access Application - Release

Prior to lodging a formal access application, a person seeking information from Council should check if the information is already available on Council's website or could easily be made available through an informal request.

Council will require a formal access application to be submitted where the information sought:

- is of a sensitive nature that requires careful weighting of the considerations in favour of and against disclosure; or
- contains personal or confidential information about a third party that requires consultation; or
- would involve an unreasonable amount of time and resources to produce.

Formal access applications are to be submitted using the application form provided by Council for this purpose. Formal access applications will be processed according to the provisions and requirements and the applicable fees and charges as set out in the GIPA Act.

It is recommended that members of the public contact the Public Officer before lodging a formal access application to ensure that documents are available or can be made available when required.

Formal access applications under the GIPA Act will incur a \$30 application fee; a further processing charge of \$30 per hour will be imposed thereafter of processing time. In certain circumstances individuals may be eligible for a reduction of all fees and charges in accordance with Section 9 of the GIPA Reg.

Copyright Legislation

Copyright issues may arise when requests are made for copies of documents held by Council.

The Commonwealth Copyright Act 1968 takes precedence over State legislation. Therefore, the right to copy documents under the GIPA Act does not override the Copyright Act. Nothing in the GIPA Act or GIPA Reg permits Council to make government information available in any way that would constitute an infringement of copyright.

Access to copyrighted documents will be granted by way of inspection only, unless the copyright owner's written consent is provided. Where authority is unable to be obtained, you must demonstrate to council your attempts to obtain such consent.

Copyright material includes, but is not limited to, plans/drawings, consultant reports and survey reports.

Property Information Request

Council is able to release some information relating to a development file such as development consents, construction certificates, inspections, occupation certificates and plans and reports subject to copyright restrictions.

Development applications received, or records of decisions made after 1 July 2010 are classified as open access documents under the GIPA Act and GIPA Reg. This means any member of the public is able to view/obtain copies of these documents without permission from the property owner with a Property Information Request. (Note photocopying/scanning charges may apply as set out in Council's Schedule of Fees and Charges).

Development applications received, or records of decisions made before 1 July 2010 (as well as associated documents and records of decision) are not classified as open access documents under the GIPA Act and the GIPA Reg. To view/obtain copies of these documents the current property owner's written consent is required with a Property Information Request. Where the property is owned by a company, an ASIC report is required to show you can act on behalf of the company. (Note search and photocopying/scanning charges apply as set out in Council's Schedule of Fees and Charges).

Access to Personal Information

Access to certain information may be limited in accordance with the *Privacy and Personal Information Protection Act 1998* (PPIP Act) and the *Health Records and Information Privacy Act 2002* (HRIP Act). The PPIP Act and HRIP Act provide for the protection of personal and health information and for the protection of the privacy of individuals generally.

In accordance with the PPIP Act and the HRIP Act, Council has adopted a Privacy Management Policy (available on Council's website) which outlines Council's practice for dealing with privacy and personal information in accordance with Information Protection Principles contained within the PPIP Act and the Health Protection Principles contained within the HRIP Act.
